NEWARK
SCIENCE AND SUSTAINABILITY INC.
Think Global, Act Local, That's Glocal

Newark Science and Sustainability, Inc (Newark SaS) is dedicated to empowering the Newark community by promoting environmental education, sustainable living practices, and community-based solutions. We strive to create a greener, healthier, and more resilient city through hands-on learning, local collaboration, and innovative approaches to urban sustainability. By engaging residents in sustainable food systems, environmental stewardship, and scientific exploration, we aim to foster a more connected and sustainable future for all.

Founded in 2013, Newark Science and Sustainability, Inc. (Newark SaS) is a community-driven, 501c3 nonprofit organization based in Newark, New Jersey that creates generational sustainability through the implementation of educational programs, agricultural training, and community green development initiatives to ensure eco-conscious communities and healthy food access locally and globally.
