These articles, provided by the speakers, underpin the arguments that each scholar will make during the seminar. You are encouraged to explore these articles in advance of the seminar, and we hope that you can use them as a resource in your future studies. Please note that hyperlinks may be inaccessible to some. One day, academic articles may be freely available, but for now, many are held hostage behind [paywalls](#). Please contact the authors directly for any articles you cannot access; typically, authors are more than happy to share their work and appreciate the interest. Or you may pay the ransom to the publishers.
